Instruction on How to Establish a TIEMS Chapter

TIEMS chapters are established in 16 countries; Romania, Belgium/Netherlands/Luxembourg (BeNeLux), Italy, Middle East and North Africa (MENA), Iraq, India, Korea, China, Finland, Nigeria and West Africa (NWA), USA, Ukraine, Philippines, South Africa, France and Japan. Australia is under establishment and will be come the 17th TIEMS Chapter.

A TIEMS Chapter is an autonomous entity within the TIEMS network. It shall establish local TIEMS activity and recruit TIEMS International and Local Chapter Members in the chapter area. TIEMS International members (see description below¹) pay their membership to TIEMS International, and 25 % of the membership fee will be paid back to the chapter to be used locally on chapter activity. The chapter can also recruit TIEMS Local Chapter Members (see description below²), who pay membership to the chapter only. They will be registered in TIEMS International as local members and receive all information from TIEMS, however, they have no voting rights at TIEMS Annual General Meeting. A chapter is autonomous concerning its activities and economy. However, if chapter activity results in a surplus, 20 % of the surplus shall be paid to TIEMS International to support the TIEMS Secretariat. The TIEMS Secretariat is available to the chapter for administrative support. The chapter is to report annually to the TIEMS Secretariat about chapter activities, plans and finances.

The requirements for establishing a TIEMS Chapter are as follows:

1. The Chapter Region has to be defined so that it does not geographically overlap existing chapters
2. There must be at least 5 founding members of the chapter with valid TIEMS International membership
3. The Chapter must be registered in a country of the chapter's region as a non-profit organization
4. Chapter By-laws must be established which are not in conflict with TIEMS By-laws
5. A Chapter Board with at least 5 members must be appointed/elected
6. A Chapter bank account must be opened in the name of the Chapter
7. The Chapter must be an Institutional Member of TIEMS
8. A plan for the chapter activities must be prepared

An application with above documentation has to be sent to the TIEMS Secretariat.

By filling in the data below and contacting the TIEMS Secretariat at: secretariat@tiems.info and/or TIEMS Director for Chapters, Snjezana Knezic at snjezana.knezic@gmail.com, you can be guided through the chapter establishment process, including receiving templates for By-laws and Activity Plans.
