TIEMS 2017 Annual Conference Summary and Conclusions

The passing year 2017 is remarkable. The 24th TIEMS Annual Conference and Assembly 2017 took place in Kiev in Ukraine on December 4-7, 2017. About 100 experts from North and South Americas, Europe and Asia participated three days in the technical sessions and after the end of the conference attended the guided tours to the Chernobyl exclusion zone: the Chernobyl nuclear power station and the Duga-3 radar installation which is known in the West as the Russian Woodpecker (Chernobyl-2) as well as the medical and emergency center in Kiev. There were 62 oral and poster presentations including the small exhibition. Experts exchanged the latest scientific results and other information about emergency management, disaster risk reduction and the increasing environmental risks in the Donbas region in the Eastern Ukraine.

The core group of the organizing committee, the TIEMS Board of Directors and the directors.

This is how the 1st supermarket in the U.S.S.R. looks today. It was opened in 1970 in the city of Pripyat, which is about 10 km away from the Chernobyl nuclear power station.

The recipients of the scholarship from the Rotary Club of Eastern Helsinki (Finland), which supported the TIEMS Annual Conference 2017 in Kiev in Ukraine.

The conference was the success despite the fact that the host organization, the TIEMS Ukraine Chapter, had only 2 months to set up the event from 0, with the following topics:

- Information and Communications Technology and Geographical Information Systems
 - solutions for Civil Protection and Emergency Management
- Geomatics in Education for Civil Protection and Emergency Management
- Environmental Risk Assessment by Means of Remote Sensing
- Peacebuilding in Ukraine
- Management of Abounded Areas of Long-term Man-made Disasters
- International Project Funding Mechanisms

General Chair: Andre SAMBERG, Professor of Practice, TIEMS International Program Committee (Finland), co-chairs: Major General (civil protetion) Ruslan M. BILOSHYTSKYI, Deputy Head of the State Emergency Service of Ukraine (Ukraine), Professor Oleksandr M. SUKHODOLIA, Head of Department of Energy Security and Technogenic Safety of the National Institute for Strategic Studies under the President of Ukraine (Ukraine) and Major General (ret.) (Special Communication and Information Protection Forces) Professor Oleksandr V. KORNEIKO, Head of Cyber Security Department, National Academy of Internal Affairs of Ukraine (Ukraine).

Keynote speakers were:

- Ms. Oleksanda CHURKINA, Deputy Minister of Ministry of Social Affairs of Ukraine
- Mr. Oleksandr SUKHODOLIA, Head of Department of Energy Security and Technogenic Safety, National Institute for Strategic Studies of Ukraine under the President of Ukraine Mr. Vitaly PETRUK, Head of The State Agency of Ukraine on Exclusion Zone Management, Ministry of Ecology and Natural Resources (Ukraine)
- Mr. Artur AYVAZOV, UNICEF's Director for Social Policy in Ukraine
- Mr. Mark BATTLE, Head of UN Water and Sanitation Cluster (presentation "Water Risk Assessment in Donbass")
- Mr. Rustam Pulatov, Component Leader of Community Security and Social Cohesion of UNDP Recovery and Peacebuilding in Ukraine ("Community Security in Pro-longed")
- Mr. Dmytro AVERIN, Project manager, The Organization for Security and Co-operation in Europe OSCE (presentation "Assessment of Environmental Damage in Eastern Ukraine by means of Donbass Environment Information System DEIS")

The conference covered all aspects related to Emergency Management, Cyber Risk Analysis, Virtual Training Means for First Responders and Resilience.

We had six workshops:

- Leveraging TIEMS Disaster Management Expertise to Strengthen Local Community Resilience through Global DRR Platform, Web-based Technologies for Disaster Risk Reduction
- Assessments of Vulnerabilities of Cyber in Power Grids and Critical Infrastructure: Case Ukraine 2015 2017
- EU-funded Horizon 2020 project "TARGET"
- EU-funded Horizon 2020 project "Driving Innovation In Crisis Management For European Resilience (Driver+)"
- TIEMS QIEDM = Qualifications in International Emergency and Disaster Management
- World Bank Study On Typologies And Good Practices Of Civil Protection Systems In The World
